

People sing
because
they're happy,
and they're
happy because
they sing!

We can't all be
stars,
but we can all
twinkle!

You must love the
creepy caterpillar
before you can
love the
beautiful butterfly.

Teachers who
love teaching
make children
who love
learning.

My day was complete . . .

. . . I heard a child laugh.

People don't stop playing because
they grow old;
they grow old
because
they stop
playing.

All children smile and sing in
the same language.

If you want
children to
remember
something,
sing it or
eat it.
